Greetings!

Begin the new year with new knowledge or refresh your knowledge with Basic to Advanced IBM SPSS Trainings!

We'd like to invite you and your colleague to our monthly online training this 2023.

Group registration is also welcome, and you will receive our group discount!

| DATE | COURSE | FEE |
|-----------|--|-----------|
| Feb 15-16 | IBM SPSS Training for Researchers | Php 3,500 |
| Apr 12-13 | IBM SPSS Training for Researchers | Php 3,500 |
| Apr 25-28 | Qualitative and Quantitative Data Analysis In-depth Seminar Workshop | Php 4,500 |

Learning Objectives:

- Learn the basic function of IBM SPSS and how to systematically present your data. Also, learn the assumptions of many statistical techniques and their underlying concepts.
- Analyzing qualitative data may be challenging for many researchers. The qualitative part of this workshop aims to educate participants in using various methods in analyzing open-end data. The quantitative portion of this workshop will discuss and review the foundation of basic and inferential statistics. A strong emphasis on the difference between parametric and non-parametric tests.

The training fee is inclusive of a temporary license for IBM SPSS Statistics, a digital seminar kit, digital certificates and access to the webinar recording.

To register, please email us, and we will send you a link. STRAND-Asia Inc. is a customer-centric company. Over time, we have improved our operations and made sure that we only have a relevant topic.

Should you have other inquiries, feel free to contact us.

Warm regards,

Irish kenna Amo
