We are excited to extend an invitation and encourage the mental health practitioners in the basic education sector of the Department of Education - Central Visayas to participate in a valuable and meaningful training aimed at advancing their skills in counseling in the context of trauma. It is very important for the mental health providers such as guidance counselors, guidance and mental health advocates, and other professionals in the helping profession to always upskill and be competent in the profession to effectively help their clients, the students. The training will be facilitated by an international and local experts in the field of counseling. Participants of the said training will also be earning CPD points.

In this connection, may we humbly ask DepEd Region VII for support and endorsement regarding the participation of guidance counselors and guidance and mental health advocates in different Divisions to the said training.
