Capitol Area, Dumaguete City, Negros Oriental

Attention: District Supervisor – San Jose
District Supervisor - Dauin

Dear SDS Ojastro,

Greetings! You may be interested to know that the DOST 's Science and Technology Information Institute (STII) is implementing a project that involves the development and deployment in selected public schools of an ICT solution called **STARBOOKS Nature**—an interactive information kiosk designed to enable students (and tourists) to know more about, and appreciate the beauty and wonders of, environmentally protected areas in Negros Oriental such as Apo Island. The targeted schools include **Cambalocot High School (San Jose)** and **Apo Island High School (Dauin)**. Now the DOST Negros Oriental Provincial S&T Office, together with the STII, would like to introduce the beta version of the STARBOOKS Nature product to partners and other potential stakeholders, get their feedback, and discuss the next steps.

In this connection, we would like to invite you and the abovementioned District Supervisors to join the following activity:

Title of Activity: **STARBOOKS Nature Stakeholders Forum and Product Demo**
Date and Time: **November 15, 2023 (Wed), 10:00 AM-12:00 PM**
Venue (New): **Ayang's Place, Rovira Road, Dumaguete City**

Our target participants include representatives from the partner organizations that provided digital content, namely: the Provincial Government (PTO and ENRD), DENR-PENRO, Silliman University, and NORSU; as well as other potential stakeholders (DepEd, Barangay Apo Island, NOHRRRA, and Robinsons Dumaguete).

A team from STII, to be led by Director Richard Burgos, will be attending the event. Lunch will be served courtesy of STII.

We hope to see you or your representative at the forum next week. For clarifications or confirmation, we may be contacted via landline (421-2100 Globe/523-9732 PLDT) or email (dostnegor@region7.dost.gov.ph).

Very sincerely yours,

(sgd.)

GILBERT R. ARBON

Provincial S&T Director
